

About us

Support Staffordshire brings people together to create happy, healthy, meaningful lives for all

Our services aim to increase people's skills and knowledge; to harness people's drive, enthusiasm and energy; to enhance individual and family livelihoods; to build capacity in neighbourhoods & communities; and to improve the relationships & resilience of organisations and individuals.

We act in three main ways:

1. Advancing individual social action and volunteering for all
2. Supporting community and organisational development
3. Bringing together organisations and collaborating with a strong collective voice

LOCALITY FORUMS

The easiest way to get involved is through joining us at your Locality Forum. There are now seven forums open to all Voluntary, Community & Social Enterprise organisations who are active in that locality; mirroring borough/district council areas. Our forums enable members to network, develop contacts, share information, collaborate and voice their views on current issues.
