

Events Volunteering

At The Donna Louise Children's Hospice our events raise much-needed funds to keep our doors open, as well as raising our profile in the community enabling more people to understand who we are and what we do. Event volunteering is ideal for those who lead a busy lifestyle, but would still like to contribute their available time to the Donna Louise and our events offer flexible opportunities to volunteer on your own, with friends, family or colleagues. We'd love for you to get involved and help us make every moment count and make a real difference to the children and families who use our services.
